Work through the 15 tips in order

- [ ] 1. Find soft, natural light.
- [ ] 2. Switch off the direct camera flash.
- [ ] 3. Clear away distracting backgrounds.
- [ ] 4. Photograph the wreath from several angles.
- [ ] 5. Make the lead image straight-on and centered.
- [ ] 6. Bring the wreath close enough to fill the frame.
- [ ] 7. Shoot close-ups of signs, ribbon, picks, and details.
- [ ] 8. Keep the wreath and team colors true to life.
- [ ] 9. Position the camera at wreath-center height.
- [ ] 10. Add a setting photo (door, room, or fan cave).
- [ ] 11. Keep lighting, framing, and image style consistent.
- [ ] 12. Include an image that communicates finished size.
- [ ] 13. Photograph before packing the finished wreath.
- [ ] 14. Make only realistic light edits.
- [ ] 15. Capture extras, then choose the strongest images.

Final file checks

- [ ] Save original images and final edited selections
- [ ] Check sharpness, cropping, and color on a phone
- [ ] Name files and note which will be the main image
