Deco Mesh at a Glance

Five core techniques + one bonus cruffle technique

Choose the LOOK first; cut one test piece before preparing a full roll.

01 POOF

Rounded, continuous base

START WITH

Wider mesh on the roll

BEST FOR Full background behind a sign

02 RUFFLE

Airy waves and gathers

START WITH

10-in mesh, cut into pieces

BEST FOR Light, colorful fullness

03 CURL

Defined tube-like loops

START WITH

10-in mesh, cut into pieces

BEST FOR Playful, structured texture

04 COMBINATION

Mixed textures and color

START WITH

Base mesh + selected accents

BEST FOR Statement wreaths and focal detail

05 TWISTED SPIRAL

Swirled movement

START WITH

Longer test strips

BEST FOR Decorative bursts between poofs

BONUS CRUFFLE

Rolled ends, ruffled center

START WITH

Cut pieces, ends rolled in

BEST FOR Neater cut-edge appearance

Sizing changes with mesh stiffness, frame size, and desired fullness.
